

Extra Large Series Microphone / Power Connector Pairs

Male Chassis/Panel Connector

Female Inline Connector

Measurements in MM

In some cases you may be able to fit larger wire AWG into the connectors depending on your insulation thickness. And similarly, in some cases, your insulation may be thicker than the tested wire AWG and may prevent the use of your wire at that gauge.

Available Pin Configurations:

2 Pin,
VUPN1980,
300V
20A
AWG: 12

4 Pin,
VUPN1979
300V
20A
AWG: 12
